

Lyre Playing Group

Monday afternoons 2-3pm
Multipurpose Room

With a Kindalyre in our hands we sing and play, what children might enjoy as a musical environment for their inspiration.

Please come and enjoy—
learn by doing—
no musical knowledge
required.

Gold Coin donation—Hire of
Kindalyre \$10 per month.

Parents Information Study Group

Wednesday 4.45 - 6pm

With Danae and Gotthard Killian

When: Wednesdays from 4.45 - 6pm.

Where: In the Classroom 1C Bluestone Building.

Fees: None.

Everyone is welcome.

(Children can attend childcare till 6pm).

The studies in Anthroposophy, intended to give an orientation to the background of the philosophies of Rudolf Steiner, are not part of the curriculum of the Steiner Stream. They give however a clearer picture and an introduction of its values.

We can learn through Anthroposophy how one understands and develops a deep relation between the outside world and the inner experience in an individual and spiritual way. In meeting over Rudolf Steiner's philosophy, our aim in the study group is to develop a basic and individual understanding. It is also very much appreciated to learn from each others points of view. Anthroposophy is as divers and manifold as it is understood individually and by personal approach.

Whether the participants prefer to visit our meetings at single times or continuously, feel welcome anyway, and find out about this if you want.

These meetings are open to both streams of our
Primary School.

Please talk to Gotthard or Danae tel. 9689 3782 or
mail to: gottharddanae@gmail.com

Curriculum Information Evening

Monday 28th November

7.00—8.30 pm Bluestone Building

Welcome to a talk on 'The Values of Arts in the Steiner Curriculum, What we do and Why we do it' - and examples of the work done through the classes at our school by our students. With *Linda Maier, Maureen Havas-D'Andrea* and *Gotthard Killian*.

Further information to

Transformation through Etheric Movement to Healing

Eurythmy therapy uses movement and gestures designed to support the health-giving forces of the human being at the level of physical and emotional illnesses.

Curative Therapy is a highly specialised medical therapy and it is able to treat most medical and psychological conditions in children and adults. It is suggested that you should take at least seven sessions to make this therapy effective.
